

RSU150NX

Cordless High-pressure Misting Disinfection System

HIGH-PRESSURE MISTING DISINFECTION SYSTEM

An effective, easy to use misting disinfection system ideal for schools, workplaces and hospitality.

- » 99.999% disinfection rate*
- » NX300 high-power lithium battery pack
- » Part of the interchangeable battery network

DESTROYS
99.999%
of Pathogens

Part of the NX300
Pro Cordless Network

Numatic

A cordless high-pressure misting disinfection system, the RSU150NX Sanitise Pro delivers 99.999% efficiency in inactivating and destroying pathogens.*

Optimum User Comfort

A fully adjustable 5-point harness incorporates cushioned shoulder and waist straps, providing complete comfort for any user. The breathable mesh back-support system ensures constant airflow, keeping operators cool and comfortable during use.

Stay Cleaning for Longer

With a 6-hour runtime and 60 minute fast charge, the Sanitise Pro is always ready to go, for instant and convenient operation.

High Pressure Vortex

On entering the lower-pressure ambient air, the high-pressure creates a vortex effect. This reduces particle speed, displaces pathogens and increases coverage across surfaces and touchpoints. Independent testing shows a Cationic charge to the mist droplets, increasing the ability to cling to complex surfaces and touchpoints, when used as a system.

One Fits All Productivity

The NX300 Pro Cordless Network brings the convenience and performance of professional cordless cleaning across our growing battery range.

Extended Long-Life Power

Made for the long haul, the NX300 Battery won't let you down, engineered and tested for commercial use delivering up to 2500 charge cycles. A 3-year battery warranty provides complete peace of mind for you and your Pro Cordless Network.

Auto Standby Mode

Built-in standby system switches off the pump, every time the trigger is released and when the tank is empty for quieter and unobtrusive operation.

Working in conjunction with
TECcare®
Antimicrobial Technologies

The Complete Disinfection System RSU150NX + TECcare® Control

Single-step cleaning and disinfection solution for all, in any environment. Delivering the combination of excellent antimicrobial properties with unparalleled non-corrosive performance. 99.999% effective in inactivating and destroying pathogens when using complete RSU150NX System. System comprises RSU150NX Mist Unit applying TECcare® Control Disinfectant Solution.

- Chlorine-Free
- Alcohol-Free
- Food Safe
- Non-Toxic
- Non-Irritant

- Kills Bacteria
- Kills Viruses
- Kills Fungi
- Fast Acting
- Lytic Agent

- Water-Based
- Very Low Chemical Levels
- Non-Corrosive Properties
- Safe on All Surfaces

- All-in-One
- Cleans
- Disinfects
- Simple Dosing

Specifications

5L Capacity	6HRS Runtime	13.0KG Weight	330x330x570MM Dimensions
Optimum Spray Distance / Max 1.0 / 2.0m		Max Pump Pressure 15Bar / 217PSI	Droplet Size 60-70Microns
Tank Empty 31mins		Flow 140ml/min	Hose Length 1.5m

Please note:

Do not spray electrical items such as computers, monitors or electrical sockets at close distances. *99.999% effective in inactivating and destroying pathogens when using complete RSU150NX System. System comprises RSU150NX Mist Unit applying TECcare® Control Disinfectant Solution.
