

NHL15

Extraction Cleaner

Numatic

The CleanTec Hi-Lo 15 is ideal for quick and effective carpet care with user-friendly features which has been designed from the ground up.

Within the single design we have incorporated our TwinFlo carpet vacuum extraction system together with our dual, high-performance, deep clean, PowerFlo pump injection unit, providing a choice of two performance standards which can be selected at any time to suit your specific needs.

Deep Clean Performance

TwinFlo extraction system and PowerFlo pump injection unit.

Powerful Cleaning Results

Hi-Lo pressure selection system with TriJet performance.

Ease of Transit

4-wheel mobility and convenient pull handle.

Easy, Clean & Safe Emptying

Two separate emptying systems with tank or integrated dump hose.

A Tool for Every Job

Professional BS27 accessory kit and Stainless Steel tube set.

Kit BS27

High-performance TriJet Extraction Tool

Upholstery and Spot Cleaning Extraction Tool

Clear Dome to View Water Levels
